REASONS FOR ALLOWANCE

1. The following is an Examiner's statement of reasons for allowance:

The reasoning set forth in the after-final response, received 7/7/2005, and the appeal brief, received 10/5/2005, is considered persuasive. The combination of prior art as set forth fails to disclose all the claimed limitations and lacks express motivation for proper combination, as persuasively argued, further in view of the use of "means plus function" language present in all of the claims, allowing interpretation of the claims in accordance with 35 USC §112, sixth paragraph. Further, the terminal disclaimer filed 1/23/2006 has been accepted, and renders prior double patenting rejections moot.

Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
